About Tomorrow People Organization

Who We Are

Tomorrow People Organization is a non-profit organization dedicated to helping individuals become educated and globally aware professionals, committed to enacting a positive change in the world. Our focus is on ethical education through exposure to diversity of thought and cross-cultural experiences.

We believe diversity is a treasure and our differences are complementary. We believe in learning through understanding different perspectives, as a necessary tool for transforming our ideas into workable solutions that would provide sustainable and continuous development of an individual and society as a whole. To achieve this, our programs are carefully designed to provide dynamic learning and networking experiences by hosting individuals with the most diverse professional, educational, and cultural backgrounds.

Our vision

We believe in learning through others and transforming our ideas to provide continuous personal and professional development, using diversity as an important source of knowledge for greater well-being and sustainable development of our society and our civilization.

Our mission

To be a source of positive change for individuals, community, and society as a whole. We deliver programs and conferences that are carefully designed to build inclusive connections, through creative, think-tank environments.

Our values

Inspiring

Our programs are designed as an opportunity to step outside our daily routines. You will hear stories, learn new perspectives, and connect with people you would otherwise not have a chance to meet and spend three days with. And, being away from the noise of your daily life, you will be given a rare and precious opportunity to reflect on what you have already collected on your journey. Diversity of cultures, thoughts, perspectives and experiences represented in our programs create a perfect environment for inspiration and new ideas be born: whether it's an idea for a new project, new research, new collaborators or how to innovate and improve the projects you are already working on.

Impactful

We believe in education for life and education for change. Our programs offer opportunities to expand your knowledge and perspectives on subjects at hand. We connect people, building a community of globally aware individuals, that serve as a foundation for raising the new generation of leaders, a catalyst for change. Knowledge, contacts, inspiration and opportunities are taken back to our respective communities, creating a ripple effect by inflicting further positive change in the world around us. We also believe in giving back to community. This is why we support local organizations and partner with local entrepreneurs, wherever we go.

Inclusive

We involve people. We believe in diversity of thoughts and diversity of perspectives. We believe that every opinion matters and every voice deserves to be heard. We believe in collaboration and we see our differences as complementary. We believe that everyone holds a unique piece of puzzle that can only be revealed when we allow them to be their authentic selves. This is why our programs provide a safe space for different opinions to be expressed, different perspectives to be shared and different cultures to be represented, so that we can grow and evolve together, as individuals, as species and as civilization. We believe that only together we complete the puzzle.

We're happy to announce that we've partnered with One Tree Planted to plant trees!

One Tree Planted is a 501(c)(3) nonprofit on a mission to make it simple for anyone to help the environment by planting trees. Their projects span the globe and are done in partnership with local communities and knowledgeable experts to create an impact on nature, people, and wildlife. Reforestation helps to rebuild forests after fires and floods, provides jobs for social impact, and restores biodiversity. Many projects have overlapping objectives, creating a combination of benefits that contribute to the UN's Sustainable Development Goals. To learn more, visit onetreeplanted.org

We're honored to have reforestation through One Tree Planted as an integral part of our mission.

For every PSPC2026 participant, Tomorrow People Organization will plant a tree!

PSPC is planting with the purpose of supporting the farmers in Thailand. As a small organization, we cannot change the world, but we can create a meaningful impact and change the world of an individual. And, with your help, maybe, even of an entire community.
